CORPORATION**

Dear Mr. Tsutsumi:

This will acknowledge your letter of advising us of  
an name change for your company.

Since Underwriters Laboratories listings are not  
transferable, nor are they salable assets, we are en-  
closing a bulletin of Information on Changes in Name,  
Ownership or Corporate Structure to advise you of our re-  
quirements. We ask that you read the bulletin carefully  
and submit to us the specific information required.

Please note that the letters of waiver and request  
mentioned in items two and three of the fourth paragraph  
of the bulletin must be typed on company letterhead  
stationery and include all file numbers involved.

Should you have any further questions in this regard,  
please do not hesitate to contact us.

Sincerely yours,

*Ruth Pluskowski*Ruth Pluskowski

BULLETIN OF INFORMATION ON  
CHANGES IN NAME, OWNERSHIP, OR CORPORATE STRUCTURE

As the Listings of the Underwriters Laboratories Inc. are not transferable nor salable assets, changes in name or corporate structure may require certain actions on the part of the "old" and "new" company to provide an orderly transition resulting in Listings in the name of the new company.

The new company has the option of requesting applications for Listing (Recognition or Classification) and Follow-Up Service for the previously Listed (Recognized or Classified) products based upon an investigation of the products as submitted by the new company. In such cases, a new investigation of the product will be conducted without regard to the old company's (Applicant of record) files.

Alternately, the new company may request Listing (Recognition or Classification) and Follow-Up Service based upon access to the old company's files usually at less cost. For the protection of our mutual interests, the Laboratories will extend the right to access to the file only upon receipt of a properly authorized letter of waiver or release from the old company.

Hence, if the new company seeks to establish Listing and Follow-Up Service utilizing existing files for products currently Listed for the old company, the following actions are necessary:

1. The old or new company must make a complete remittance of all outstanding unpaid invoices as well as accrued charges relating to investigations in process.
2. A letter of waiver must be received from the old company, on their letterhead, signed by an authorized officer, stating verbatim that "The (Old Company Name) releases all rights, title to, and interest in Files (Specific UL File Numbers) in favor of (New Company Name)." A letter of waiver need not be provided in instances where the change is limited exclusively to company name through an official revision of the existing corporate charter or company registration.

ORIGINAL  
(Red)

3. An authorized officer of the new company should request the establishment of Listing (Recognition or Classification) and Follow-Up Service in their name utilizing the results of investigations undertaken for the old company from whom the waiver has been obtained. In addition to describing the exact nature of the change which occurred, this letter of request should designate the company name and address for the Applicant, Manufacturer(s), and Published Company (Listee, Recognized Company or Classified Company) as they are to appear in the Laboratories' records.
4. Copies of the legal documents verifying the change in corporate structure should also be provided whenever possible (i.e. merger or consolidation agreement, certificate of incorporation, bulk sales agreement, etc.)

Given the aforementioned information, Underwriters Laboratories Inc. will send the new company Application forms and, if applicable, Follow-Up Service Agreements for signature by an authorized officer. At that Time, the Laboratories will advise the client of any further action which may be required to finalize the change requested.
